ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

OIL HITS AIR Gusher Comes In On Little Richland

New Well Makes 150
Barrels A Day. Leases
Being Eagerly Sought.

It has come as the Advocate has consistently prophesied it would come. Knox County now has a Gusher. It came in Friday morning of last week, the oil shooting up 100 feet into the air. Then it took fire and the workmen had to scurry to safety. However, the traction engine was in danger of being destroyed when one of the drillers, with great presence of mind and pluck, threw something over his head as a protection, jumped on the engine, pulled the lever and brought the machine to safety.

Those who know the oil game have stated that Knox County is going to be one of big production and this gusher on the I. N. Jones tract on Little Richland is but the beginning of great things.

Dan Jackson, the contractor, lost his machinery thru the oil catching fire, but the output of the well is sufficiently great to more than compensate for this loss.

Watch Knox County for oil developments.

OIL NEWS

The Kentucky Development Co. have bought equipment for the Valentine, Payne and Indian Creek leases. They have also contracted for two machines.

Spudding was commenced on the Perry Jarvis well Monday which is being drilled by Hunter and Demetres. The lease is owned by the Bourbon Oil and Development Company of Paris.

W. L. Cotton, of Lexington, who is interested in the Hampton and other leases is here this week.

The Cawn Oil Company is preparing to drill a well on the Ike Jones place which adjoins the lease where the gusher was struck last week. This drilling will be watched with much interest.

The Wymond Oil Co. has just drilled in their No. 1 on the Susan Jackson farm which is estimated to be good for 30 barrels.

The Ken-Flo Oil and Gas Co. expect a well in on their L. G. Morris farm Monday. This Company has a nice production and expects to greatly increase it as they are located only a few feet from the line of the Blingham Oil Company.

The Associated Producers who have taken up several thousand acres of leases on Stinking Creek will begin to drill a deep well shortly and have already chosen their location.

The Mutual Oil and Refining Co. of Paris, Kentucky, have their machinery on the location of their initial well on the Mallard Jarvis place, near Jarvis Store P. O. This territory has never been drilled and oil men are giving this well great attention.

The Blingham Oil Company, a corporation of Indiana, has drilled a well estimated to run from 125 to 150 barrels a day. This well came in on Friday morning of last week and the oil shot over 100 feet in the air, caught fire and burned the rig belonging to Dan Jackson, the contractor. The tract on which the strike was made is the I. N. Jones place on Little Richland and is about three miles from Barbourville. Great excitement prevailed in the neighborhood when the oil caught fire. This is the third well brought in for this company on this tract, No. 1 and No. 2 making good producers.

HAVE ENLISTED IN THE NAVY

The following boys have enlisted in the U. S. navy thru the enlistment bureau in charge of J. P. Jones Chief Petty Officer who has had headquarters at the Jones Hotel. A number of these boys are from Knox County.

Andrew Jackson Morgan, Hubbard Springs, Va.
Robert Lee Hinkle, Barbourville.
Burton M. Whitaker, Lynch Mines, Kentucky.
Lawrence Southern, Middlesboro.
Zaro Lee Paris, Grays.
James L. Jones, Grays.
John Owens, Grays.
Paul Samuel Smith, Grays.
John Wesley Priam, Barbourville.
John Nelson Meeks, Artemus.
James McMesser, DeWitt.
Charles Lee Hammons, Girdler.
Charles Gibbons, Girdler.
Harry Rhodes, Artemus.
Andrew Jackson Foley, Artemus.
Mr. Jones left Thursday for Corbin and London.

Joe McVey, of Goose Creek, was here Tuesday buying supplies.

ROAD WORK PROGRESSING

County engineer reports that the survey of the Dixie Highway should be finished within two weeks, the weather permitting. When this is done, contracts will be let for grading, bridging and surfacing the road. Contracts should be let by August 1st and the road itself will probably take over a year to build.

There are still three miles of road on which grading must be entirely done and other which must be widened to meet government specifications.

The earth road to Corbin is now in good shape for automobiles.

JUDGE F. D. SIMPSON HOME

Judge F. D. Simpson is in Barbourville greeting and being greeted by his friends. Court having adjourned at Frankfort, Judge Simpson has come home where the breezes have not forgotten to blow, where also are the friendly faces of old lang syne as well as huddling new streets, Dixie Highways and things. Truly Old Boy Progress is making old things new and the Judge rejoices that it is so.

FLOYD PAYNE KILLED

Trouble between the Doolin and Payne families, who live on adjoining farms near Girdler, resulted in the death of Floyd Payne Saturday the alleged slayer being Eli Doolin. The lethal weapon was a pistol.

It appears from statements made that Floyd Payne and Butler Doolin had had a difficulty a short time before and Mrs. Doolin and Butler Doolin, who is about 19 years of age, came in to take out a warrant for the arrest of Floyd Payne who was charged with striking Butler Doolin. It was while they were in town that Floyd Payne and Eli Doolin met at the residence of James K. Payne, father of the dead man. Several shots are alleged to have been fired, but only one took effect. The bullet entered the left arm and then the body. The slayer came in Sunday and surrendered. Following this tragic affair, a warrant was issued for the arrest of Frank Payne, charged with shooting at Jas. Doolin on Saturday. He also was arrested.

The funeral of Floyd Payne took place Sunday.

ISAAC H. WARFIELD HOME

Isaac H. Warfield, son of Mr. and Mrs. J. S. Warfield, of King, Ky., is home from overseas where he served with Camp Hospital 49 at Laigues, Cote d'Ore, France. His duty was waiting on the sick in the hospital and there were plenty of these. Mr. Warfield left France on May 28th and was discharged June 20th from Camp Taylor, Ky. He liked the work very well and enjoyed a trip thru England which he says is a beautiful country. Hospital provision for the sick boys was very good and none suffered for lack of attention.

We Are Authorized To Announce John H. Catron as a candidate for Representative for Knox County, subject to the action of the Republican Primary, August 2nd.

LAWRENCE CALEBS PASSES

Lawrence Calebs, 74 years of age and a respected citizen of Knox County, parted the veil of eternity and entered into rest, Saturday morning at his home near Girdler, Ky. The funeral took place Sunday on the home place in the presence of many friends. A. W. Hopper had charge of the funeral arrangements. Three sons, one of whom is John Calebs of Barbourville, survive him. His wife died about a year ago.

SAWYER A. SMITH HONORED

Sawyer A. Smith has been appointed Chairman of the Board of Examiners for law applicants for the State at large. He was already a member of the Board and it will be a pleasure to his many friends to know this new honor has been thrust upon him. He will become Chairman of the Board July 1st.

POULTRY EXPERT COMING

"Cull the slacker hen" is the advice of all successful poultry men. To this end the State University will send Mr. Martin, recognized as an expert along this line, to this County July 24th, and he will visit the poultrymen who desire it and cull their flocks so that they may discard the hens that are not worth their feed and in this way raise the standard of the flock and save money.

About ten flocks can be culled in a day. Hens must be kept up 24 hours before the culling. Let every one who is interested in this attend the culling. Please notify either Mrs. G. K. Rawlings, Corbin, Ky., or W. M. Tye, Barbourville.

KNOX COUNTY AS A FRUIT GROWING CENTER

The visitor to Knox County wonders why the hillside should be covered with corn when they offer such splendid sites for fruit and grapes. The big demand for strawberries, dew berries, raspberries, peaches, apples, pears, cherries, etc. with the excellent prices paid for these products would appear to be an inducement to grow fruit. It is true that in the case of the trees, there is necessary spraying, and in the springtime, there should be precautions taken against frost in the form of salamanders, or some other form of heat producer, but, on the other hand the compensation in hard dollars should be infinitely greater than could possibly be made on corn.

As stated in our last weeks issue the farmers of Christian County averaged \$220.00 per acre on this year's strawberry crop. That is big money and the same may be made from the larger fruits by intelligent devotion to details.

Why not begin with a couple of acres and enlarge from year to year. While doing this valuable experience will be gained which will stand the fruit grower in good stead when he owns an orchard of from ten to twenty acres. Why stay in only comparative comfort when fruit will give more than a competence?

FARMERS SCHOOL TENT MEETING

The Executive Committee of the Farmers Tent School which will be held on July 17th to 19th, inclusive, met Tuesday in the County Court room with Judge Tuggle in the chair. The following committees were appointed to put the meeting through in good shape.

Committee of Arrangements, J. Frank Hawn, chairman, Dr. Leslie Logan, and H. H. Owens.

Advertising Committee, Josh Tye, Chairman.

Finance Committee, C. C. Smith, chairman.

Treasurer, C. C. Smith.
Reception Committee, R. W. Cole and Judge W. R. Lay, joint chairmen.

Those present made a handsome contribution toward the expenses of the meeting which have to be defrayed by citizens.

The Farmers School will be a wonderful inspiration to every citizen of the County, whether farmer or not. It will reveal what we have in undeveloped resources and which may be converted into money producers. The School will show us how to live more profitable lives and the Mountain Advocate hopes that every one in the County will help make it a success.

JOHN H. CATRON FOR REPRESENTATIVE

To The Republicans of Knox County:— After having been urged by a great number of Republicans I have decided to end do hereby announce my candidacy for the Republican Nomination for Representative to the Kentucky Legislature for 83rd. District of Kentucky.

I am a straight forward, old time Republican, and have always been found doing the best I could for the Republican Party in every contest it has had since I was old enough to take part in politics. My father was a Union Soldier. Four of my uncles were killed while fighting in the Union Army.

I stand for the election of Edwin P. Morrow as Governor of Kentucky and along with him every candidate on the Republican ticket this fall. I want to see Kentucky made safe for the Republican Party.

If nominated and elected, I shall use my vote influence to secure better public schools and better paid teachers. My vote and influence will be used to relieve the heavy burdens of taxation which have been unjustly saddled upon this section of the State. I am in favor of fair wages for the laboring man and if elected, I shall use my vote and influence to secure for them better living conditions.

I will appreciate the vote and support of the Republicans of Knox Co. in the Primary Election to be held on August the 2nd, 1919, and if elected to this responsible office, I will use all my effort to make an efficient and faithful officer.

Respectfully, John H. Catron.

WOULD PREVENT SALE OF OIL CERTIFICATES

The Drendnought Oil and Refining Company and Peter E. Teld, a stockholder, sued in Circuit Court to restrain Ross E. Gordon from offering for sale in a local exchange 30,000 shares, pending report by a committee on a lease of 182 acres in Knox County. It is alleged that it was agreed Gordon knew he was not to receive the stock until the committee should report favorably; that Gordon had entered into an agreement with P. E. Hoffman, trustee for the stockholders, to transfer the lease to the company and receive the stock.

DECEIVE BEAUTIFUL

WEDDING GIFT

Mr. and Mrs. Roy DeLong are in receipt of a beautiful set of silverware, given to them as a wedding gift by the Hickory Mill management and the boys in the mill.

The presentation took place on Monday evening Mr. T. W. Minton making a pleasant and kindly little speech on behalf of the donors.

Mr. and Mrs. DeLong are so grateful for the happy thought which prompted the gift as well as for the gift itself, that they have asked the Editor of the Advocate to publicly express their sincere thanks for the same. They will cherish the beautiful gift as a memento of brotherly kindness and remember the givers every time they use the silver service.

JUDGE ROBINSON MAKES STAND

Washington, D. C. June 19. Have received hundreds of requests as to my position on the Temperance question, on the Town-er educational bill and the so called Day Light Saving law. You can say to your readers that I am opposed to America taking any backward step on the Prohibition question and in favor of making the action of Congress and the States effective. The House, by a large majority, yesterday repealed the so called Day Light Saving law. I am a member of the Committee on Education and will help to work out and report the best bill possible on education. This will include all of the good features of the Town-er bill.

J. M. Robinson.

GENTRY BROS. FAMOUS SHOW

Gentry Bros. Famous Shows and Wild Animal Circus which will exhibit in Barbourville on Wednesday, July 2nd, are presenting a patriotic spectacle as the opening number of this year's all new performance.

Nearly 100 of the ponies take part in the picture which represents the allied nations. At a command from the trainer they march in different directions, each one bedecked with flags of the nation they represent and the entire moving panorama of horses forms one of the most stirring events in the program. This spectacle is the result of the trainers efforts of the past year and is pronounced the highest and best animal display ever seen. Many new acts and features have been added to Gentry Brother's Shows this year including a complete wild animal circus.

ON WAY HOME

It will be good news to the many friends of Lieut. Edward W. Seent, now attached to the 113th Supply Train, to learn that he is expected to arrive home from overseas July 1st. There is rejoicing thereat in the Seent home.

"SHOW ME" GETS RESULTS

Many farmers are from Missouri, they must be shown. The County Agent in Washington County has lately put on what he calls "show me" ten day hog feeding demonstration. He lately wrote concerning his "show me" demonstration:

"During a period of ten days of which an accurate record of feed used and the weights of the hogs were kept, the following results were secured on the farm of Albert Ittdd. Sixty-seven hogs made a gain of 1275 pounds in 10 days, or a daily gain of 127.5 pounds. During this period 60 bushels of corn and 250 lbs of 60% tankage were consumed. In addition, the hogs were kept on a pasture of orchard grass and clover. Figuring the pork at \$19.75 per hundred and the cost of tankage, which was \$12.50, Mr. Ittdd realized \$3.93 for every bushel of corn used."

J. W. Kelley, of Etawah, Tenn., is visiting his parents, Rev. and Mrs. S. F. Kelley and sister, Mrs. Fannie Sampson.

Interested in Film Productions to Be Made
at Methodist Celebration at Columbus, O.

DR. JAMES E. CROWTHER AND D. W. GRIFFITH.

The support of the motion picture world as represented by D. W. Griffith, well known film producer, was assured at a conference in Columbus, the celebration being represented by Dr. S. Earl Taylor of New York, Dr. J. E. Crowther of Seattle, Dr. Fred Fisher of New York and Dr. C. F. Reiser of New York.

Mr. Griffith, in addition to promising to make a film of all important features of the Centenary Celebration, strongly urged the use of motion pictures in the advancement of religious work. He spoke strongly of the possibilities of the motion pictures under proper supervision being made to carry a religious message further than any known form of communication.

Dr. S. Earl Taylor, director general of the Centenary Celebration, made the statement that "we want pictures that talk the universal language. I believe the message of peace and good will should be preached to the world through pictures."

"I am glad to know they are going

to give motion pictures a practical demonstration at the Centenary Celebration," said Mr. Griffith. "The celebration will give the people in towns and villages a wonderful opportunity to visit the entire world by going as far as Columbus. There will be an extraordinary impression produced by seeing these villages of China, Japan and India, not peopled by amateurlish actors, but inhabited by real natives from foreign lands."

"I have been astounded beyond measure at the breadth, extent and scope of the entire scheme as it has been revealed to me by Dr. Taylor, Dr. Crowther, Dr. Reiser and others. I understand the Methodist Church has \$140,000,000 and is going to celebrate its success with something more nearly resembling a world fair than anything else to which it can be compared. One would think that a great nation at least is behind the movement. Doubtless, something greater than the greatest nation is behind it—a reawakened ideal and faith inspired to bind up the wounds of a torn and outraged world."

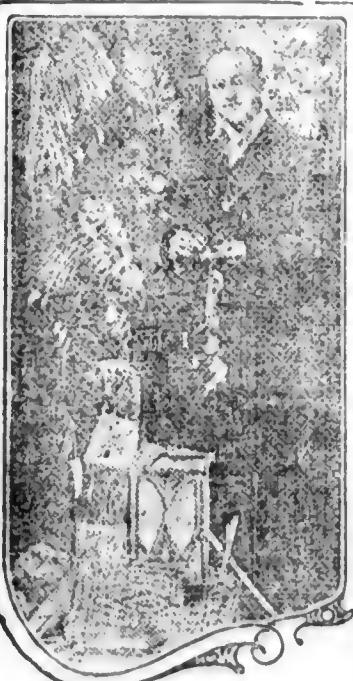

Columbus Can Well Accommodate All Who Attend Methodist Celebration, Officials Say

NO CROWD which has been proposed for the Methodist Centenary Celebration will swamp Columbus, according to Mayor George J. Karb, who has received some inquiries from distant points regarding the ability of the Capital City to take care of the hundreds of thousands of Methodists coming from all over the United States for the Centenary Celebration, June 30 to July 13.

Mayor Karb says: "Columbus has always been equal to any situation. We are not going to fail the exposition crowds, no matter how many thousand there are. Tell them to come to Columbus town. We are ready with open hearts and open doors. Columbus can do it."

James T. Daniels, secretary of the Chamber of Commerce, says: "We can easily and satisfactorily accommodate three hundred thousand visitors." Organizing Secretary H. B. Dickson says: "Three hundred thousand is my minimum estimate of attendance. Confident Columbus can take care of twice that number."

Collection of Indian Curios at the Methodist Centenary Celebration

W. Palm, an Indian trader of Ortonville, Minnesota. Mr. Palm is here shown with some of his interesting relics.

Indian exhibitions will have a considerable place in the Celebration. Pueblos will unconcernedly mold pottery before throngs of curious spectators, just as their grandfathers did before the white man invaded their lands. Navajos will weave rugs and St. Regis make baskets—all actually living in their native homes, be they pueblos or wigwams.

NO SEATS RESERVED

First Come, First Served, at Coliseum at Methodist Centenary

At a conference of Director General S. Earl Taylor, Dr. Fred B. Fisher, H. B. Dickson and other members of the Centenary Exposition staff, it was decided that there will be no seats reserved in the Coliseum for "The Wayfarer" pageant presentations at the Methodist Centenary Celebration, Columbus, O., June 30-July 13.

All seats will be available to spectators as soon as the doors of the Coliseum are opened each evening. "It will be a case of 'first come, first served,'" says Mr. Dickson. Season tickets to the exposition grounds admit the bearer once to the pageant in the Coliseum. Single admission fee at the gate require an additional fifty cents for the Coliseum's evening feature.

WHAT has been pronounced the greatest private collection of Indian curios in America has been loaned to the Methodist Centenary Celebration at Columbus, O., by H.

Miss Lyle Jackson was in Corbin Friday and Saturday.

Miss Lue Sawyer was the guest of Misses Maggie and Elsie Lawson on Sunday.

Cleo Lawson is the pleasant guest of Mrs. Cleo Cole this week.

Joe C. Jackson, Jr., little son of Joe C. Jackson of Corbin, died at that place Saturday the 21st and his remains were brought here Sunday and laid to rest in the family burying ground. The entire community extends their sympathy to the bereaved father and mother of the little one.

Mr. and Mrs. Oscar Deaton were the guests of Mr. and Mrs. Dan Deaton Saturday and Sunday.

Mr. Luke Phipps, who had a stroke of paralysis some days ago, is no better at this writing.

Quite a number of folks from this place were entertained Sunday by Mr. and Mrs. Dutt Jarvis, of Jarvis Store. They were as follows: Mr. and Mrs. W. M. McNeill, Mr. and Mrs. V. D. Jackson, Mr. and Mrs. T. W. Cole, Miss Lucy Hutchins and Mr. Jesse Miller. All report a fine time and a wonderful dinner.

PUBLIC AUCTION

JULY 5, 1919.

At J. F. Catron Farm - Just Beyond High School.

BARBOURVILLE, KY.

78 Acres IN BABY FARMS 78 Acres
50 BEAUTIFUL BUILDING LOTS 50

FREE ONE SUPERB BUILDING LOT FREE
VALUED AT \$300

We also give away \$25 IN GOLD to holders of lucky tickets.

We have bought the J. F. Catron Farm just beyond the High School and sub-divided it into Baby Farms and Beautiful Building Lots.

The Business Men of Barbourville did not hesitate to tell us this property is by far the most attractive land around town for building purposes and is also very fertile farming land.

For Building Sites

This property is desirable for building purposes for several reasons. It is one of the Most Elevated Pieces of Ground Above High Water Mark, Located near the School Section of Barbourville.

Fifty Foot Street Deeded.

We have deeded a 50 foot street the entire length of the property for the entrance route of the Dixie Highway into Barbourville. Remember that this will mean first class streets and roads all the way through the property! —You know what that means!

Baby Farms.

The part we propose to sell by acreage is very rich soil and in the highest state of cultivation, ideal for truck gardening. This is your opportunity to secure an ideal small farm within a stone's throw of town.

Nothing Reserved.

Rain or shine, everything we put up, either building lots or acreage, will absolutely be auctioned off and nothing will be reserved. Barbourville is steadily growing. There are no vacant homes. You can take your choice of building lots or acreage.

We will take Liberty Bonds at Cash Value.

Band Concert at 10:00 A. M. and during sale.

Don't fail to get Free Tickets on the grounds.

Lunch on Grounds.

JUST FOLKS

THE CALLOW YOUTH

Do you own one, about seventeen
and possibly a graduate. Watch
him as a young man's homo. Some
pumpkins he took. Does he know
it all? He doesn't more in fact than
his unprogressive dad ever hoped to
know. He is particular about his
clothes? He is, and suffers agony
at the idea of making a misstep in
the social propriety. Is the Callow
Youth pining? Is he, and does
he wonder just where he shall begin
his attack on that easy mark, the
world? Does he make his mark?
Yes, and carries it himself and thank
goodness he also grows older until
the Callow Youth becomes the young
man with a restored sense of humor
and a better sense of life's values
and when he raises Callow Youths
of his own, he chuckles as he learns
at first hand that he is old fashioned
and that his Callow Youth son knows
it all. It is a happy nature at work
giving our Callow Youth confidence
sufficient to allow his spine until he
is able to stand upright like a man
and look the world in the face.
He finally grows up. Callow Youth,
he will grow up.

GOLF CLUB FOR BARBOURVILLE

T. W. Minton is enthusiastic and
is creating enthusiasm in others for
a Golf Club for Barbourville. Just
as soon as the roads are built we
can get a Golf Club going that will
bring people to Barbo, Pineville, Car-
bin and other towns. Thirty minutes
away by auto. Golf is a life pro-
longer, it is the tightest wad in
creation, it is the business is only a
secondary part of life, once they
have learned to swing a golf club
and ball soaring thru the
empire, Golf is certainly a human-
izer. And the Hickory Hill is
championing a healthy and bright soul
which is not hooked on life as a
mere means of getting money.

CIVIC LEAGUE MEETING

Last month's Civic League meet-
ing was with Mrs. J. E. Archer and
a goodly number of members were
present contributing to the warm wel-
come and the warm season. Hot-
tles were served, fruit and cakes
were served after the regular busi-
ness. The next meeting will be with
Messrs. C. C. Cow and Davidson
at 3 p. m. Aug. 2nd.

MADE BY SCOTT & BOWNE
MAKERS OF SCOTT'S EMULSION

ENTHUSIASTIC OVER HIS BUSINESS

J. H. Faulkner, representative of
Swift and Co., was in town Wednes-
day in the interests of his house.
He is enthusiastic over the business
methods of the Swift people and
points with pride to the fact that
they are able to do business on a
smaller margin of profit than retail
stores could possibly do. The vol-
ume of business is what enables
Swifts to sell at the price they do.
Close attention to detail, a first class
product, delivered in all condition
and advertising are the main reasons
for the success they enjoy. 1918
was the banner year of Swift and Co.
when they surpassed all others.

CHAUTAUQUA

The Chautauqua tent will be
pitched in front of the Baptist In-
stitute and the chairs from the In-
stitute will be a part of the arrange-
ments.

Our citizens are beginning to man-
ifest considerable interest in the
Chautauqua and it is believed that
when the final count of sales is made
it will be found that the people of
Barbourville have bought tickets in
such numbers that it will not be
necessary for the guarantors to dig
down into their pockets to make up
a deficit. We hope this will be the
case.

The program is a strong one and
will meet all kinds of taste. We
live but once here below so let us
enjoy the good things while we may.
Buy tickets for yourself and fam-
ily and enjoy the Chautauqua.

BOYS AND GIRLS CLUB MEETING

London, Ky., June 14th.

On Saturday, June 14th, one hun-
dred and twenty-five girls and boys
from Laurel, Knox, Whitley, Bell
and Clay Counties assembled at the
Court House in London where the
boys were awarded certificates for
one year's faithful work along agri-
cultural lines. Of this number there
were 21 girls from Knox County who
had been receiving instructions in
Home Demonstration Club Work and
some boys, members of W. M. Tye's
Agricultural Club. Mr. Tye's boys
were awarded certificates while the
girls of Mrs. Rawlings Club sang the
club songs published in our last is-
sue. Mrs. Rawlings had 37 girls at
the meeting in uniform, consisting of
a white dress and cap. These girls
constituted the largest number of
any of the Agents the all of the Ag-
ents made an excellent showing.

The day closed with a banquet at
the Sue Bennett Memorial School
provided by the Agent and business
men of London, plates being laid for
200 guests. Many excellent after-
dinner speeches were made, after
which the boys and girls enjoyed
playing games at the Laker Hotel
under the direction of Earle May-
hew, a Knox County boy and now
Agent for Harlan County.

Mr. Mayhew is a returned soldier
and was able to teach the young peo-
ple some dandy games.

The boys and girls returned to
their homes at 5 a. m. Sunday morn-
ing, vowing they had had the hap-
piest time of their lives. Mrs. Raw-
lings, Emergency Home Demonstration
Agent and Mr. W. M. Tye, Coun-
ty Agent, chaperoned the young peo-
ple. It is hoped that these certifi-
cates will be distributed in Knox
County next year.

Among the points of interest is
the fact that five boys of Clay County
rode forty miles to be present at the
meeting.

The Emergency Club work in
Knox County as represented by Mrs.
Rawlings ceases July 1st. We trust
that this good work will not be drop-
ped as it is a part of the education
of our young people which should
certainly be continued. Mrs. Raw-
lings has done fine work and should
be encouraged to go ahead by being
re-employed next year. She is prac-
tical in her methods and really teach-
es the children something useful.

DEVONIA

Giving Red Blooded Men a Chance

Take a
Tablespoonful
of Devonia to
a Glassful of
water.

High Blood Pressure is preeminently the disease
of hustling red blooded American Business Men.
Too close confinement to business, working
too hard—that's the way he usually looks at
his own case.
He is partly right. But the real cause lies
further back.
In his rush to succeed in business, he has neglected
his digestive system. "Out to Lunch; back in ten
minutes," has too frequently been his programme.
Now he is paying the penalty, not of work, but of
self-neglect.
Most cases of High Blood Pressure, physicians tell
us, have their origin in long neglected constipation.
Devonia, the American Medicinal Mineral Wa-
ter, is preeminently the water for red-blooded,
high-pressure American Business Men suf-
fering from High Blood Pressure.
It has been so systematically successful in these
cases that many physicians have come to rely almost
wholly upon it.
Their records show patients restored to sound health.
Men rejected for insurance have been made insurable.
It eliminates the food waste that has been poisoning
him.
Yet, unlike purgatives, oils and pills, it is not a drastic
cathartic. Easy in action but thorough, it induces regu-
larity, the first step toward recovery. It supplies the
stimulation that his business concentration
has prevented Nature from supplying.
Devonia comes to you just as it flows
from its natural source a thousand feet un-
derground, without alteration or condensa-
tion in any way. A tablespoonful in a glass
of water is the usual dose. In a quart bottle
there are 64 average doses, making the cost
about one cent and a half each.
You may be on the road to High Blood
Pressure. Be warned now and send for our
booklet, "Giving Red Blooded Men a Chance."
It will show you how to know yourself and
tell you what Devonia has done for others.

For sale by most drug stores in the city.

THE DEVONIAN MINERAL SPRING CO., Incorporated, Owensboro, Ky.
Please send me your free booklet, "Giving Red Blooded Men a Chance", discussing High Blood
Pressure and its baneful effects.

SALVATION ARMY CAMPAIGN IS CONDUCTED THIS WEEK

The work of raising money in Ken-
tucky for the Home Service Fund of
the Salvation Army of America, by
means of which the army will con-
tinue its work among the poor, fol-
lowed and abandoned in the big cities
and relieve the wants of suffering
children due to poverty for which
they have been in no way to blame,
is now on in Kentucky. It is a move-
ment which ought to be aided by
every man, woman and child, who
believes in work for humanity.

"They that are whole need not a
physician, but they that are sick,"
said the lowly Nazarene, and this
doctrine the Salvation Army has
been practicing ever since the found-
ing of the movement by General
William Booth in the slums of Lon-
don. Evangeline Booth is at the
head of the Salvation Army work in
America. With the endorsement of
General John J. Pershing, Secretary
of War, Baker, President Wilson,
General Poch and General Joffre of
the work done among the soldiers of
Europe, her organization is going be-
fore America for funds for the work
at home, since the work among the
soldiers has been practically complet-
ed. Let us all give to this worthy
enterprise as we are able and as we
gave to every other drive for such
work since the war began. No mon-
ey we have ever given will bring
more beneficial results than this
given to the Salvation Army.

T. W. Minton, of the firm of T.
W. Minton & Co., Barbourville, Ky.,
one of the largest manufacturers and
exporters of hickory in the country,
was here during the past few days.
He was much pleased with our
Country Club and states that Bar-
bourville expects to have a fine golf
Club in the near future and hopes
that some matches can be arranged
between players of the two clubs.

—Big Stone Gap Ex., Va.

A PLEASANT PARTY

Mr. and Mrs. W. M. Johnson gave
an entertainment Saturday evening
from 8 o'clock until 11 o'clock in
honor of Private Joe W. Wild who is
on a few days furlough. The re-
freshment were ice cream and angel
food cake with the name of Mr. Wild
printed across the top. The honored
guest as also the other guests pre-
sent enjoyed a delightful evening
that will not soon be forgotten.

It Helps!

There can be no doubt
as to the merit of Cardui,
the woman's tonic, in
the treatment of many
troubles peculiar to
women. The thousands
of women who have been
helped by Cardui in the
past 40 years, is conclu-
sive proof that it is a
good medicine for women
who suffer. It should
help you, too.

Take

CARDUI

The Woman's Tonic

Mrs. N. E. Varner, of
Hixson, Tenn., writes:
"I was passing through
a very bad time, and
sides were terrible, and
my suffering indescrib-
le. I can't tell just how
and where I hurt, about
all over, I think. I
began Cardui, and my
pains grew less and less,
until I was cured. I am
remarkably strong for a
woman 64 years of age.
I do all my housework."
Try Cardui, today. E-76

Wanted — A good, second hand
Oliver type writer. J. L. Foley,
Barbourville, Ky. 32-3t
For Rooms and Board — See Mrs.
Riddell, next door to Christian
Church. 32-2t

NOTICE

Notice is hereby given that it is
the duty of every owner, controller
and manager of lands bordering and
abutting on the public highways of
Knox County, for the distance which
their said land so abuts and borders,
to cut, clear away, remove and carry
from alongside the public highways,
all bushes, weeds, shrubs and over-
hanging limbs of trees and all other
such obstructions along such high-
ways, and to keep all hedge fences
along such highways so trimmed
and cut back that same at no time
will become more than five feet high.
The work aforesaid shall be done
between the first day of July and
the twentieth of August every year.
All persons failing to perform the
work herein required are subject
to a fine of not less than twenty
dollars nor more than fifty dollars.
This June 12th, 1919. J. R. Murphy,
County Road Engineer. 33-2t.

To Prevent Belching

Make a regular habit of eating
slowly, masticate your food thoroly,
and you may have no further trou-
ble. If you should, take one of
Chamberlain's Tablets immediately
after supper.

WANTED

Men or women to take orders among
friends and neighbors for the gen-
uine guaranteed hosiery, full line
for men, women and children. El-
iminates darning. We pay 50cts an
hour for spare time, or \$24 a week
for full time. Experience unneces-
sary. Write, International Stock-
ing Mill, Norristown, Pa. 23-4t

THE TENT MEETING

As the time draws nearer for the
Tent School where citizens are to be
given an opportunity to learn better
methods of doing things, the neces-
sity for better schools, roads and per-
haps churches, many farmers are ex-
pressing great interest in the project.
Knox County has many undevel-
oped resources which can make mon-
ey for us and since money is one of
the things (and only one) which can
help smooth the way to better things
for ourselves and children, it is our
bounden duty to develop what a kind
Providence has given to us.

Let us all take a personal interest
in making these meetings a big suc-
cess and then go out in the Amer-
ican way and apply what we have
learned in making Knox County a
better place in which to live.

FOR STATE SENATOR

I am a candidate for the Republi-
can nomination for state Senator in
the 17th Senatorial district composed
of the counties of Knox, Laurel and
Bell, at the primary to be held in Au-
gust of this year.

Respectfully yours,
W. L. Moss.

FOR REPRESENTATIVE

We Are Authorized to Announce
Esq. Sam M. Bennett candidate for
Representative of Knox County sub-
ject to the action of the Republican
Primary August 2nd, 1919.

We Are Authorized to Announce
Richard C. Miller, candidate for
Representative of Knox County sub-
ject to the action of the Republican
Primary, August 2nd, 1919.

We are authorized to announce.
The candidacy of W. H. Green for
Representative of Knox County, sub-
ject to the action of the Republican
primaries, August 2nd, 1919.

We Are Authorized to Announce
J. H. Blackburn, candidate for
Representative of Knox County,
subject to the action of the Republi-
can Primaries, August 2nd., 1919

TO THE CITIZENS AND VOTERS OF KNOX COUNTY

I am a candidate for Representa-
tive from Knox County in the next
Legislature of Kentucky, subject to
the action of the Republican Party
expressed in the primary election on
August 2nd, 1919. Your support
is respectfully solicited.
J. H. Blackburn.

POISON LIKE UNTO
Vernon of Snakes

Professor H. Strauss, M. D., of the Royal Charity Hospital, says, "The cause for an attack of gout, rheumatism, lumbago, is supplied by the increase of uric acid in the blood serum, the result of various causes, the most frequent of which is renal. Before an attack, one suffers sometimes from headache, neuralgia, twinges of pain here and there."

When your kidneys feel like lumps of lead, when the back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; when you suffer with sick headache, or dizzy, nervous spells, acid stomach; or you have rheumatic pains or lumbago, gout, sciatica when the weather is bad, do not neglect the warning, but try simple means. Take six or eight glasses of water during the day, then obtain at your nearest drug store 'An-uric' (anti-uric acid).

This is the discovery of Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. "An-uric" is an antidote for this uric acid poisoning and dissolves uric acid in the body much as hot coffee dissolves sugar. "An-uric" will penetrate into the joints and muscles, and dissolve the poisonous accumulations. It will stamp out toxins. Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

Personal Mention

A. Y. Culton, of Ohio, is visiting his mother, Mrs. A. L. Culton.

Mrs. W. C. Black is visiting her parents at Big Stone Gap this week.

Mrs. C. A. Main and Miss Beadie Main spent last week with Mrs. Jeff Canada.

J. P. Melton, from west of town, was here Tuesday and reports fine crops.

Mr. and Mrs. Guy Dickinson spent the week end at Pineville.

The soaking rain Monday and Tuesday has put a smile on the face of the tiger.

For Sale — 2 Fine Jersey Cows, fresh, with or without calf. See J. D. Faulkner. 34-31

R. N. Jurvis has bought the home in which he now lives from Judge F. D. Sampson.

Mrs. W. H. Green, of Corbin, is the guest of her sister, Mrs. A. J. Croley this week.

Mrs. D. B. Fortney, of DeWitt, on Saturday visited her son-in-law, Tom Patterson, at old Flat Lick.

Mrs. A. L. Rice, of Sandusky, O., is visiting her parents, Mr. and Mrs. J. H. Blackburn.

Mrs. H. K. Hollifield, of Artemus, is visiting her daughter, Mrs. W. T. Stewart this week.

Mr. and Mrs. Fred Jones have moved to Cincinnati where Fred has a position as a mechanic.

G. G. Cobb, who has been on the sick list, is able to be on the job at the Crowley Hardware Store.

Miss Roberta Cole spent a delightful week-end with Mrs. Landrum, nee Miss Mamie Riley, of Corbin.

Mrs. C. F. Heldrick is visiting Mr. Heldrick's mother at Dubois, Pa. and his sisters at Brookville, Pa.

D. B. Fortney, of Turkey Creek, was in town Saturday. He says corn is looking well but potatoes are needing rain rather badly.

Misses Myra Amis and Gladys Johnson are home from Louisville where they have been attending the Conservatory of Music.

J. F. Parrott, of Artemus, was a town visitor Tuesday and reports prosperous crops in his section. The rain looked good to him.

THE FARMER MUST HAVE RUGGED HEALTH

Many Break Downs and Failures Due to Exposure and Hard Work

Catarth in Some of It's Many Forms Claims Thousands

Every farm family has its medicine cabinet and in almost every one will be found a bottle of Dr. Hartman's World Famous Peruna. For coughs, colds and catarth it is invaluable. It's use is indicated in all cases of catarth inflammation and congestion whether of respiratory organs, stomach, bowels or other organs of the body.

Mr. W. J. Temple of 300 Lincoln Ave., Delaware, Ohio, suffered for years with inflammation of the mucous linings of the stomach and bowels. According to his own story he did not eat a meal for five years without distress. He says: "I am a farmer and must be exposed to all kinds of weather. After years of suffering, a druggist recommended Peruna. I took all together five bottles and am a well man. Formerly, I could not do a day's work. Now, farm work does not fatigue me in the least. Peruna is the best medicine and tonic on the market. Time only strengthens my admiration for it, especially for catarth and colds."

Peruna is sold everywhere. You may buy it in either liquid or tablet form. Ask for Dr. Hartman's Well Known Peruna Tonic and if you are seeking health take nothing else. Insist upon Peruna.

If you are sick and suffering, write The Peruna Company, Dept. 17, Columbus, Ohio, for Dr. Hartman's Health Book. The book is free and may help you. Ask your dealer for a Peruna Almanac.

W. R. Martee and H. H. Owens are buying off T. G. Cole and W. W. Evans coal mine in Harlan. Consideration \$30,000.

Charlie Cole, of Harlan, formerly editor of the Advocate, was a visitor at this office Tuesday. He doesn't look sick abed.

If you want to know the time, the place or the way the wind is blowing ask Ester Dozier. He is now the official policeman.

Raymond Lyttle and Harvey Hershberg have been acting as distributors of Salvation Army literature this week.

Mrs. L. A. Rice, of Sandusky, O., and children, are visiting the parents of Mrs. Rice, Mr. and Mrs. J. H. Blackburn of this city.

Miss Flora Hammons, of Girdler, Ky., is with Miss Laura Hayes from now till school opens. Miss Flora will teach a school near Flat Lick.

Miss Virgie Campbell, of Artemus, who is clerking at the L. C. Miller store has taken up her work again after two weeks vacation at home.

Prof. R. W. Rickett will teach at Culver Military Academy the coming year. This is one of the greatest schools of its kind in the country.

Miss Bertha Davis, who has been employed as a teacher for next year in the Barbourville High School, left Monday for Richmond, Ky., to attend Summer School.

There will be services in the Presbyterian Church next Sunday, (5th) in the evening. Dr. Minton will read an original story to the young people at the morning service.

Mrs. J. S. Miller and Miss Mary Miller are visiting their parents and grandparents, Mr. and Mrs. Alex Black at Richmond Ky. Mr. Black is a brother of Governor Black.

Miss Etta Rickett, of Artemus, has accepted a stenographic position with the Barbourville Supply Co. She was the house guest of Miss Beulah Smith Tuesday night.

G. W. Rhodes, of Calvin, Ky., was here last week and, having a sweet tooth in his head, laid in two good sized buckets of honey for future, leisurely consumption.

Misses Lillian Rook Johnson, Gladys Johnson, Cora Sevier, Myra Amis Catherine Metcalf, of Pineville, Mrs. Marjane Madden and Prof. Rickett spent the week end at Dishman Springs.

Mrs. Minnie Isabel, of Pineville, is visiting Mrs. A. W. Hopper this week while in transit from Manchester, where she spent two weeks as the guest of her brother, John M. Culton.

H. H. Owens was in Louisville last Saturday and while there met the Governor. Mrs. Owens and the kiddies will be home next Monday from Frankfort where they visited at the Governor's mansion.

Charlie Main is back from Owsley where he inspected the wells near the Clay County line. These wells are good for from 75 to 100 barrels a day. An attack of sickness compelled him to come home.

Wanted — Girls over 16 years old to learn knitting. Excellent wages and excellent working conditions. Apply Richmond Hosiery Mills, Ross ville, Ga., six miles from Chattanooga, Tenn. 34-21

Mrs. Joe Jones and brother, Josh Tye, are spending a few days in Louisville. They will return Saturday accompanied by Dr. Tye, who has finished his course of studies at the Louisville General Hospital.

Last Tuesday Mrs. Jeff Canada entertained a large dinner party in honor of her guests, Mrs. C. A. Main and Miss Beadie Main. Delicious refreshments were served and all report a delightful time.

H. H. Owens and others went to Flat Lick Tuesday where the business of the Flat Lick Coal Company

was sold under bankruptcy proceedings and brought \$3081.00. Different parcels were bought by different people.

Mr. and Mrs. W. T. Stewart went out to Dishman Springs Sunday by auto, taking with them as guests Miss Laura Hayes, Miss Flora Hammons and Mr. St. Jones. They enjoyed a picnic supper before returning.

E. G. Asher, of Louisville and formerly representative of the 93rd Legislative District, was here Saturday on business. Mr. Asher is in the coal business and had been thru to Manchester. He says coal prospects are much better.

Jim Jarvis is home from the road for a few days rest. He says business is fine and the outlook even better. He spent Sunday in Louisville with Edwin P. Marrow who says this is a Republican year and will change the political map.

Mrs. J. T. Berry sold 116 gallons of beans the first week in June. She also had new potatoes June 6th. G. M. Jenkins and W. M. Strong, of Lay, said Tuesday that sweet potatoes are looking fine and that Irish potatoes will now come right along.

The death of Minnie Etta Wolfork colored and 17 years of age, occurred at the family home near the Fair Grounds on Tuesday morning. The funeral was held at the colored cemetery on Fighting Creek. Death was the result of an attack of flu which developed tuberculosis.

At a meeting of the School Board on Saturday night, Rev. Thomas J. Belcher was appointed teacher of English in the High School. Mr. Belcher was formerly pastor of the Christian Church at Williamsburg and will occupy the position of pastor of the Christian Church here.

J. W. Faulkner and C. B. Stanfill are in Kool Colorado where, the stately, white-capped peaks rear their glistening summits against the empyrean blue. (See guide books for full particulars.) J. W. will return but Clyde expects to spend the residue of his days enjoying scenic delights, the while he gets hold of whatever kale that may enrage his way.

Joe Wild, son of Mrs. Thurns Collins living to the west of town, enjoyed a furlough with his mother this week, returning for duty Sunday. Mr. Wild is attached to the Medical Corps, U. S. A. General Hospital 41, Staten Island, N. Y. He does not know when he will be discharged.

Have you swum or is it swimmied yet? Lots of people are doing it. In fact society in general is disporting itself. You can never tell nowadays what you may meet. There is many a nice looking dress on the street which covers a kind heart and a bathing suit. Cleanliness is next to godliness.

KENMAR OIL COMPANY Owns Valuable Territory Kentucky Oil Property Among Safest Oil INVESTMENTS

A party of investors and oil men recently took a trip thru Allen, Warren and Barren Counties as guests of the Kenmar Oil Company. The following report made by one of the members of the party gives, in a few words, a comprehensive idea of this wonderful oil field.

The party arrived over different trains Friday morning, and met at the Mansard Hotel, Bowling Green, where breakfast was served. Automobiles were ready to carry us over the field and left first for Scottsville. On the way, we saw signs of activity immediately upon leaving Bowling Green, as there are at present three or four rigs at work on the edge of the city. The location of the work near Alvaton, Allen Springs and Halfway was noted as the party proceeded toward Scottsville, and about an hour after leaving Bowling Green the cars passed thru Scottsville and down the Gallatin Pike to Adolphus.

At Adolphus, the Kenmar Oil Co. owns seven leases, including the entire village. Several wells have been drilled there by the company and another is drilling on the M. L. Hinton lease. Eight of these wells are completely rigged and pumped by central power, and a crew of men are rigging the balance. Kenmar's storage tanks, pipe line, loading pump and loading racks were pointed out to us so that we were able to see on this one property the entire process of drilling, pumping, storing and transporting oil. The oil is sold to the Indian Refining Company for \$2.10 per barrel and shipped to its Lawrenceville, Ill., refinery in tank cars.

Returning north toward Scottsville, the general location of the group of leases owned by the company west of Adolphus, the Phillips lease, upon which two wells had been drilled, and the V. Hinton lease, near the Mc Reynolds pool, was pointed out to the party. This lease joins production owned by the Merchants Oil Co. and Snowden Bros. The company intends to drill the V. Hinton lease immediately. The first well drilled will offset a well on the Tucker farm which, the shipping records at the railroad station nearby shows, has produced a carload of oil every day for three months.

Within the time allotted, it was impossible to even visit all the leases owned by the Kenmar, but a general idea of the Scottsville field was obtained and the location in the field of the company's leases was observed.

After eating lunch at Scottsville, the party went to the north field, passing the Kenmar's territory near Gainesville and stopping at the Clifton School on the Johnson farm. Two wells have been drilled on this lease by the Kenmar, both of which are on the pump, and the third is

being drilled about four hundred feet from Johnson No. 2, which is claimed to be one of the best wells in the state of Kentucky. It was reported as a thousand barrel well, and on actual test, filled a twelve hundred barrel tank in thirty hours.

Adjoining Kenmar's lease on the west is the Riggs property, now producing about three hundred and fifty barrels per day. In fact, this lease is practically surrounded by the richest pool in Allen County. Kenmar owns three other leases in this pool.

The Jewell pool is on the Barren River, three or four miles north of the Johnson farm. The owners of this property have already drilled in several wells and have erected about a dozen two hundred and fifty barrel tanks. Some of the wells flow naturally, it is claimed, one hundred or two hundred barrels per day. Crossing the river near Jewell Bend, we went to the Moulder farm, in Warren county, the latest center of the excitement. The pumper on the Moulder farm opened one of the flowing wells while we were there and if one doubts that there are gushers in Kentucky, he should visit this property, for the oil gushes from the

ground without any pumping in a stream the full size of the well tube. Many rigs have been moved into this neighborhood since the Moulder wells were opened and several other properties now have big producers. Kenmar has thirteen leases in this new field. This territory particularly pleased the members of the party and many believed that the best production will be obtained in this neighborhood. A pipe line is being built from this field to Smith's Grove to take care of the new production.

Besides inspecting the Kenmar's property, many of the visitors were interested in other companies and stopped longer to see what had been done in a short time, with little capital, in this shallow field. After seeing wells pumping seventy-five to one hundred barrels per day, gushers and flowing wells that would fill a two hundred and fifty barrel tank in a few hours; after seeing dozens of drills at work and passing trucks and wagons loaded with supplies for new wells, the members of the party readily believed the claim that the Western Kentucky field has produced more wealth for the amount invested than any other oil field in the United States.

FISK TIRES

J. H. Earley, of Evans, was in town Wednesday to buy a carload of ice but the local plant was sold out. Mr. J. W. Campbell, of Middleboro, who is Deputy Collector of Internal Revenue and an old time newspaper man, paid the Advocate office a pleasant visit Thursday.

The death of Mrs. N. J. Saylor, of Lineville, Iowa, occurred at the home of her daughter, Mrs. N. H. Berry, of Glenwood, Minn. The funeral was held in Lineville, Iowa, and the interment in South Lineville Cemetery. Mrs. Saylor was 74 years of age and had recently undergone an operation.

Guy L. Dickinson has just bought a complete line of fine office furniture for his new office over Cole, Hughes & Co. Store. He has been compelled to seek larger quarters owing to the growth of his insurance business. It is of interest to note that he and L. O. Chittwood, of Manchester have opened a real estate and insurance office in Manchester of which Mr. Chittwood will be the manager.

Fortunately politics do not interfere with the work of the horny handed farmer, nor with the quiet growth of the corn or even of the busy chickenette. And, as he does not have to account to any man for his time, the farmer can generally find time to listen to the candidates platform when it is boiled down. Take him by and large the farmer is pretty much his own boss. However candidates should not bore the food producer to death. We need him in our business.

OIL MEN ATTENTION

The purified and refined calomel tablets that are nausealess, safe and sure. Medicinal virtues retained and improved. Sold only in sealed packages. Price 35c.

THE CHAUTAUQUA

Have you bought your tickets for the Chautauqua for yourself and family? If not, why not do so? However much we may turn up our noses at culture in the shape of music, art or general information, there is nothing on earth except a clean heart to compare with it. It is something which cannot be taken away whatever the vicissitudes which may sweep over our lives, because it is a part of the soul and mind. The man who has money and yet is incapable of enjoying the finer things which culture brings has lost the best part of life. He is on a par with many other men who have worked like dogs to get together enough money "to enjoy life" only to find that culture is to him but ashes since he has killed that part of his soul which should have enabled him to enjoy it.

Go to the Chautauqua and take children. They, at least, are worthy of a chance to the best in life and the inspiration they may receive will perhaps help lift them to a higher plane of cultural methods of enjoyment. \$2.20 for adults and \$1.10 for children will carry one thru the whole Chautauqua program. It ought to be more, but is not. Pay and regret not.

NATIONAL DEFENDERS ORGANIZED

J. R. Shupe has become District Deputy Director of the "National Defenders," a new fraternal organization founded in Knoxville and chartered under the laws of Tennessee. It is purely representative in form of government and embodies in its scheme ten specific aims, five of which are contained in the scheme of no other fraternal society. Its aims are:

- First: — To band together a "Race of Unconquered Men."
- Second: — To perpetuate the memory of each deceased member by erecting a symbolical memorial over his last resting place.
- Third: — To perpetuate the memory of Americans who made the supreme sacrifice during the world war.
- Fourth: — To afford the children of deceased members a free vocational training.
- Fifth: — To supply a home for the aged and decrepit members.
- Sixth: — To pay sick and disability benefits in the sum of \$10.00 per week.
- Seventh: — To pay \$100.00 Funeral Benefit.
- Eighth: — To maintain a free employment bureau in each Home Lodge.
- Ninth: — To furnish club privileges for the members and their families.
- Tenth: — To suppress Bolshevism and keep it suppressed.

Lame Back Relieved.

For a lame back apply Chamberlain's Liniment twice a day and massage the muscles of the back over the seat of pain thoroughly an each application.

WORDS FROM HOME

Statements That May Be Investigated. Testimony of Barbourville Citizens.

When a Barbourville citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Barbourville resident. No stronger proof of merit can be had.

Geo. C. Morris, farmer, says: "I gladly recommend Doan's Kidney Pills. My kidneys were out of order and my back ached and pained terribly. I could hardly do any stooping or lifting and my kidneys were at times too frequent in action and then again sluggish. Doan's Kidney Pills soon rid me of the backaches and put my kidneys in good order."

Price 60c at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills — the same that Mr. Morris had. Foster-McBarn Co., Mfgs., Buffalo N. Y.

MOTHERS' BEAUTY RECEIPTS

Simple receipts our mothers used in making their complexion beautiful. Order these now and don't let this opportunity go by you.

Receipts to massage the Face, Neck, Throat and Hands. Remove Freckles, Wrinkles, Blackheads. To make rosy cheeks. To beautify eyebrows and eye-lashes. Pearly teeth and hardy gums. To manicure your hands and nails. To keep your hair from falling out and make it grow and keep it dark.

Indian receipts. Cure for Rheumatism. To prevent baldness, make your hair grow. To keep your hair dark. Cure for corns, warts, bunions, tender feet, chilblains. Tan face, Sunburn, sun stroke, burn and scalds, toothache, earache, colds and catarrh, pimples, ring worms, boils, carbuncles, neuralgia, head ache, snakebites, dog bites. To destroy ants' nests, to keep flies off your horses. To keep flies out of rooms. To drive away rats and mice; they never come back. To keep away potato bugs and save labor. To destroy and keep away bed bugs. To make hens lay perpetually. To preserve fruit and vegetables. To preserve eggs. To make various kinds of non-alcoholic drinks. To make your own wear-well paints. These receipts are furnished for One Dollar, with instructions. (A gift-ledge investment.) Address, Robt. Mellor, Youngstown, Ohio. 34-2t.

REVIVAL OF AUTOMOBILE TOURING

The end of the war and the relaxation of war-time tension and high productive effort, lead to a desire to "see the country" again.

One of the many hundreds of delightful trips, for instance, is over the fine highway from the Maine coast into the Canadian Province of Quebec. It is flanked by majestic forests and many views of untold grandeur. Mile after mile of fine hard road stretches between giant pines with no sign of human habitation.

This is a wonderful part of the tour, but the engine power must be dependable, for there are no towns "to speak of" for over a hundred miles, and a failure of the ignition would have very unpleasant consequences. A car does not run well if it has poor, variable ignition. It cannot run at all if the ignition fails.

The man who tours must be free from ignition trouble. His motor may fall miles away from any service station if he is on a tour and is plugging his faith to battery ignition alone. Battery ignition is apt to be troublesome and uncertain, while the magneto is sturdy, always dependable, and gives off its fat hot spark at all speeds.

The battery system should be depended upon only for starting, lighting and to operate the horn. Then, if any of its ten terminals do get wet and short-circuit, or work loose thru vibration, or give out altogether, the car can continue just the same, because the magneto ignition is not affected. This system of ignition can stand as rough usage as it had in the war zone, when it was the only kind depended upon by the allied armies in those critical times when unreliable ignition would have meant defeat, the while dependable magneto helped to bring Victory.

Touring will increase and become more popular than ever before, therefore the dependability of the source of power, which is the engine, and the magneto ignition that has to do with its proper working "up hill and down dale," should have serious consideration.

Fiery Itching and Burning of Skin Is a Most Cruel Torture

Sure Speedy Relief in S. S. S.

Why suffer from these persistent tortures when it is so easy and costs so little to do as thousands of others have done and get relief through S. S. S.? It is now well known that eczema and other skin troubles come from impure blood. By giving the blood a thorough cleansing you not only get sure and speedy relief but you also build up the system and renew your vigor and vitality.

This good medicine has stood the test of 50 years as the greatest blood purifier known. It is guaranteed entirely free from minerals of any kind. The experience of others has established the unfailing merits of S. S. S., and there's no question about the wisdom of your giving it a thorough trial. All reputable druggists sell it. If in doubt as to your case write to Medical Advisor, Swift Specific Co., Dept. 54, Atlanta, Ga.

The Barbourville Home Demonstration Club Girls are requested to meet with me at the Graded School building next Monday morning at 8:30. All the girls are requested to bring a 36 inch square wire screen, 4 strips of wood 22 inches long, 2 hoops, some tacks and a hammer. The girls are requested to bring their lunch and we will have a pleasant day and build fly traps. Any interested persons are invited to bring their materials and work with us. Mrs. G. K. Rawlings.

SWAN LAKE NEWS

Mrs. Sarah McNeil entertained a crowd of old ladies last Sunday.

Jason Sears was the guest of his brother, Silas Sears Sunday.

Mrs. Julia Wynn was the guest of Mrs. Martha Detherage Sunday.

Mrs. Asel Elliott was shopping in Barbourville on Wednesday.

Mrs. Martha Partin entertained a crowd of boys and girls Sunday and all report a jolly time.

HOME PHOTOGRAPHIC WORK

Messrs. J. V. Shea and Geo. Lang, from Cincinnati, are in town on a semi-vacation, semi-business trip. Mr. Shea is doing home portraits with J. C. Lay and will be here for about one week. Those wishing first class work should get in touch with him thru Mr. Lay.

The two gentlemen are members of the Magicians Club of Cincinnati and give performances to Clubs and other evening entertainments which do not interfere with their regular photographic work.

Joe Bays and Steve Sturdivant, of Trosper, were here Tuesday on business. They report crops looking fine.

The Doctor Away From Home When Most Needed

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like pain in the stomach and bowels, colic and diarrhoea require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life.

PUBLIC AUCTION Big Sale of Baby Farms and Building Lots

On July 5th the J. F. Catron farm, lying near the High School will be put up into Baby Farms and Building Lots and sold by auction to the highest bidders.

The building sites in Barbourville, from the very uneven nature of the ground and the hills with which the city is surrounded make it necessary to move out along certain well defined boundaries. The piece of property now offered is one of the most logical directions in which the city may grow as grow it will and must.

Then, an opportunity is offered to buy small acreage, which gives two chances to make money. One of these is in raising excess vegetables, the other is in the natural increase of value, thru the settlement of any given district by people.

Very few people make money by straight saving from salaries. Usually the man or woman who gets larger rewards does so in what may be termed "safe speculation" and among the things that offer the best return for money invested, combined with safety, is real estate. It cannot disappear nor go into bankruptcy. Why not attend the sale and see if there is not something either in the lot or baby farm that will be just what you want.

This will always be the educational center of the city. The soil is good and the place is well elevated. Harboursville is going to grow. In fact it is having a steady growth all the time and as Union College enlarges and the work of the County High School comes to full fruition, besides what we may expect from the oil development as well as coal, there is no question but that Harboursville will continue to be a mighty solid little city where real estate will always be desirable.

COAL SHORTAGE ON WAY; GOVT. SAYS BUY NOW

May Be Repetition of 1917-18
Conditions Next Winter Says
Geological Survey.

MINES IDLE WITHOUT ORDERS.

Those Who Delay Ordering
Longer May Not Get Their
Fuel Later On.

The United States Geological Survey announces from Washington: the probability of another general coal shortage next fall and winter. The announcement is based, the Survey states, upon a nation-wide study of conditions in the bituminous field. Unless steps are taken at once, the Survey says, to place the mines upon a basis of increased production there is every prospect of a repetition to some degree of the situation that prevailed in the United States during the winter of 1917-18.

The only way production can be stimulated at the present time, it is said, is by placing orders with the mines for coal which will be needed later on. "Production during the first five months of the year," reads the statement, "fell 57,292,000 net tons, or approximately 25% below production during the first five months of 1918. Mines are producing coal now at the rate of from 8,000,000 to 8,500,000 tons a week. An average output of 10,700,000 tons a week must be maintained from June 1 to January 1 next if the country's estimated needs of 500,000,000 tons this year are to be met."

Evil of Delayed Orders.

At no time during this year has the rate of production approached the required tonnage. The tendency on the part of buyers to hold off placing their orders is limiting production, as the mines cannot store coal at the point of production, and when the rush of orders for the winter's needs comes next fall there is grave danger that the mines, with depleted labor forces and the probability of less adequate transportation, will be unable to meet the demands. The result of such a situation would be an insufficient supply for the requirements of domestic consumers, public utilities and industrial users generally.

"It is believed that requirements for this year," reads a Survey statement to Fuel Administrator Garfield, "will be about 530,000,000 tons of bituminous coal, of which approximately 30,000,000 tons have been used from stocks accumulated last year, leaving 500,000,000 tons to be produced. Of this 500,000,000 tons 178,000,000 tons were produced during the first five months, leaving 322,000,000 tons to be produced in the remaining 30 weeks, or an average of 10,700,000 tons a week.

"Thus far this year production has been at the rate of 8,200,000 tons a week. In 1918 production was at the rate of 11,300,000 tons a week.

"This production will be difficult of accomplishment. The capacity of operating mines at the present time with labor now on the payroll is about 10% lower than it was last year. This deficiency may be made up in part or wholly if the mines have orders sufficient to run them five or six days a week unless the threatened exodus of foreign-born labor occurs.

May-Be Car Shortage.

"Present wage agreements between operators and miners expire with the proclamation of peace by the President. A suspension of mining operations while a new wage agreement is being negotiated would, of course, seriously interfere with the production of coal and if it should occur during the fall would cause a panic among buyers and consumers of coal."

There is no use in gambling upon this or any other contingency, fuel administration officials say. The true or individual who wants to be sure of an adequate coal supply next winter can be certain by buying coal now. There is no other way such assurance can be obtained. Transportation also promises to be a limiting factor if the flood tide of demand comes at a time when the country's record crops are being carried. In some districts it would appear certain that, notwithstanding the utmost endeavors of the Railroad Administration and the utilization of its experience last fall, car shortage will be a cause limiting bituminous coal production, and for that reason it is problematical whether the expected production of 500,000,000 tons can be attained this year.

Shortage of labor already is a factor that is cutting down the output in some coal producing sections, according to the Survey's report. The operators report that from 30,000 to 40,000 foreign-born miners expect to return to Europe as soon as they can get passports and that many have already returned. If continued this movement will be capable of producing but one result—a reduction of the amount of coal mined in districts where the mine labor is largely foreign-born, and there are many such districts.

He who needs coal should hesitate no longer. Now is the time to buy coal.

MR. AND MRS. ULTIMATE CONSUMER, BUSINESS PROSPERITY DEPENDS UPON YOU

Yes, and upon all the little consumers, too. Let each do his share, his little bit, his larger bit toward getting times back to normal basis. How? By buying now.

Industry, the employment of millions of workmen, depends upon public consumption, depends upon the grand total of the individual purchases of the ultimate consumer.

Insure that returned soldier and sailor that released munition worker a job in a peace time organization. How? By buying now.

NOTICE

NOTICE is hereby given that estimates of the cost of constructing Black Street, from Public Square to Pitzer Street, in the city of Harboursville, Ky., under the Ordinance there for approved March 18th, 1919, have been furnished and filed with the undersigned by the City Engineer, showing the cost per abutting foot to be \$2,525. The Street Committee of the Board of Council will, on Tuesday, July 1st, 1919, at 1 o'clock in the afternoon, inspect said street, and immediately thereafter meet with the Board of Council, at the Council Chamber, for the purpose of approving said estimates and accepting the work.

This June 26, 1919. Thos. D. Tinsley, Mayor and Chairman of the Street Committee.

Chronic Constipation

Perhaps you have never thought of it, but this disorder is due to a lack of moisture in the residual matter of the food. If you will drink an abundance of water, eat raw fruits and take lots of outdoor exercise, you may be able eventually to overcome it entirely. In the meantime use the most mild and gentle laxatives. Strong and harsh cathartics take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take, and most agreeable in effect. Give them a trial.

TRAINED ANIMALS

Gentry Brothers Trained Animal Circus will exhibit in Harboursville on Wednesday, July 2nd. This will be the 32nd annual tour of this popular firm and many improvements have been made in their already excellent show. An entire wild animal circus has been added since its last appearance in this city and a stirring new patriotic spectacle will also be seen here for the first time. The Gentry Brothers program has always given the best of satisfaction in this city. In fact, it would be almost impossible to devise a cleaner, more pleasing and interesting exhibition than the one given under the Gentry Trade Mark. The street parade this year is said to surpass all former efforts and to be larger and better than previous years.

ASSERTS WORK PROVED BURDEN

Mrs. Guinn So Nervous
Life Was Almost Unendurable. Trutona
Changed Her

Louisville, Ky., June 26. Mrs. Mrs. Lana Guinn, a well known Louisville woman of 2514 Woodlawn Ave., has recently recovered from an illness of long duration through use of Trutona.

"I suffered from nervous indigestion, constipation and loss of appetite for a long time," she said. "I was so nervous at times that it was difficult for me to tolerate the presence of my husband or others in the house. I couldn't sleep and often would just wander around the house at night. I never felt like doing even the simplest of my household duties.

"But I feel like a woman made over again, since taking two bottles of Trutona. This splendid medicine has accomplished the most wonderful results in my case, helping me in every way. My husband thinks Trutona has performed miracles for me. I think it is the most wonderful medicine in the world. I would not be without a bottle of Trutona in the house. It does everything that is claimed for it, aiding weak, nervous, run down women."

Trutona is now being introduced and explained in Harboursville at the Costello Drug Store.

ED C. Hampton Home

Ed C. Hampton, son of Mr. and Mrs. L. W. Hampton, who live a mile up the river, is back from France where he served for over a year. He joined the army October 1st, 1917 and was sent to Camp Lee, Va., and after some eight months training he left May 15th for France arriving there June 1st. He fought in St. Mihiel, Meuse-Argonne offensive from Sept. 25th to Nov. 11th, 1918. His regiment was Battery D 315 Field Artillery, 8th Division, and his battery was in the midst of the fighting without cessation except for four hours relief from the guns.

Mr. Hampton visited England and Italy on a pass and left France May 18th landing in Newport News May 29th.

ARE YOU A JEREMIAH?

Queried some one in the U. S. Department of Labor. Then he continued: "If so, come out of it. Get back that confidence, that enthusiasm. Get the true American spirit. What if prices are higher? Forget the past. Build for tomorrow—buy now. Get business going and keep it going."

"You, the public, control the situation. If you, the people, buy, you the people, will keep the wheels of industry turning, with a jolt for every man."

"Cheer up! Go to it. Buy what you want; buy wisely, but buy now. Cheer up and BUY NOW."

KILLED IN ACTION

In our issue of June 20th Ben Broughton, of Dewitt was reported as "missing" in France. A telegram received by Mrs. Broughton states that he was killed in action July 18. This adds another name of a Knox County boy to the list of those who laid down their lives on the altar of duty.

COMES HERE TO ENLIST

Lieut. Roy H. Bradley and five non-commissioned officers of the regular army will be here about July 2nd to enlist those who may wish to enter the service of Uncle Sam.

YOUR MONEY INVESTED IN THE KENMAR OIL COMPANY WILL EARN A BIG PROFIT FOR YOU BECAUSE

KENMAR IS GROWING FAST, IS ABLY MANAGED, HAS CHOICE LEASES AND ASSURED PRODUCTION AND YOU KNOW THAT A COMPANY MEETING WITH THESE REQUIREMENTS MUST SUCCEED.

TWENTY-FIVE MILLION DOLLARS IS THE ESTIMATED VALUE OF OIL PRODUCED IN KENTUCKY LAST YEAR. MANY PEOPLE MADE FORTUNES. THE TOTAL WILL BE MUCH GREATER THIS YEAR. MANY MORE WILL MAKE FORTUNES. YOU CANNOT POSSIBLY CLAIM A SHARE OF THIS WEALTH UNLESS YOU OWN AN INTEREST IN THE OIL BUSINESS.

GET YOUR INTEREST NOW

YOUR PROBLEM IS TO FIND THE RIGHT COMPANY. HERE ARE SOME FACTS THAT WILL HELP YOU TO JUDGE KENMAR.

KENMAR GROWING FAST

Kenmar started with a few small leases in Allen County, totaling less than one hundred acres, and in the beginning only a small amount of money was available for purchasing new properties and carrying on development work. The company has grown by leaps and bounds. It has expanded its holdings to thirty-six leases, totaling 1600 acres in Allen, Barren and Warren Counties, and is carrying on a development program now that is increasing production at a rapid rate.

KENMAR WELL MANAGED

Kenmar's Board of Directors is made up of successful business men. In the space allotted we can't go in to detail, but we surely can satisfy anyone on this point. Here are some of the directors. Read the list.

GEORGE R. CURTIS, President
Cigar Importer

GEORGE H. KASTENDIKE, First V-Pres.
President Plant Equipment Baltimore

W. F. ROBERTSON, Second V-Pres.
President Hampton Roads Paper Co., Norfolk, Va.
President Seaboard Oil Company
President Norfolk Savings & Loan Co. Norfolk, Va.

JOHN J. FAUPEL, Secretary
Secretary Cogswell-Koether Co.
Baltimore and New York

RALEIGH T. LILLEY, Assistant Sec. & Treas.
President Richmond Motor Co.

H. P. GARDNER, Assistant Sec. & Treas.
Cashier First National Bank, Scottsville, Ky.

CAPITALIZATION: \$500,000 — PAR \$1.00. STOCK: ALL COMMON AND NON-ASSESSABLE.

CHOICE LEASES

The men who started Kenmar went into the oil field before the present feverish activity, looked around, consulted geologists and oil men, and picked Kenmar's properties with painstaking care. Realizing the prime importance of acquiring good leases, no effort was spared to get the best properties. The leases were not bought in one batch, but from time to time as opportunities arose to purchase choice properties. The splendid success that has attended development work is proof that the leases have been well selected.

PRODUCTION

Kenmar has thirteen wells in Allen County, most of them equipped and pumping, so Kenmar is on a producing basis, and it isn't a question of finding some oil, but of increasing present production. We estimate that the Adolphus wells alone will produce at least sixty barrels of oil per day. With all of our thirteen wells equipped and pumping, we should certainly have a substantial addition to this total. This is leaving entirely out of consideration the undeveloped 97% of our holdings, including the best leases.

WE HELPED TO INVESTIGATE OURSELVES.

In the matter of proving our claims as to the worth of Kenmar, we believe we have gone farther than other oil companies. We advertised that we would take people to the oil field at our expense and show them Kenmar's holdings. We did this, paying expenses from Louisville to the oil field and return. These trips were a great success and we did a big business as a result. Kenmar is good all the way through, or it could never stand this test. Mr. Darnell, of Leitchfield, Ky., is one of the gentlemen who accompanied us on our last trip to the field. Read what he has to say about Kenmar. The letter is printed elsewhere on this page.

KENMAR WILL PAY BIG PROFITS

With less than 3% of Kenmar's holdings developed, you can readily see from the showing already made that the company's prospects as a dividend-payer are great, to put it mildly, and the best properties have not yet been touched. A number of properties which have not been drilled, adjoin production. And this is only the production side of it. Think of the great increase in value of the company's holdings brought about by development work. One property purchased at \$20 per acre is conservatively estimated to be worth \$200 per acre, ten times what it cost the company!

SUCCESSFUL MEN MAKE THEIR OWN DECISIONS.

The only successful men are those who have the initiative and courage to make their own decisions promptly. They don't wait to see what everyone else is going to do. They don't ask advice of everyone they meet, but consider the problems before them, decide and act promptly. Even if opportunities would wait for you to consult all the learned men in the world before deciding to act, the business of saying "yes" or "no" would finally be up to you. Make up your mind to buy Kenmar stock today.

MR. DARNELL SAYS KENMAR IS GOOD

Leitchfield, Ky., May 28, 1919.
The McMahon Company,
605 Inter-Southern Bldg.,
Louisville, Ky.
Gentlemen:

I had the pleasure last week of visiting the properties of The Kenmar Oil Co. in Allen County, Ky., and was very much surprised to see the production of a new company in such good shape and to see such good leases as this company has.

There is no doubt in my mind that the Kenmar will be one of the best paying oil companies in the State.

I visited some of the older companies that are on a big paying basis, their stock selling two and three for one, and to my mind they have no better properties than you have.

I see no reason why your company should not in the near future be one of the big ones.

Wishing you every success that you deserve with such flattering prospects before you, I am

Yours very truly,
J. S. Darnell.

(Signed)

The McMahon Company,
Incorporated
605 Inter-Southern Building
Louisville, Ky.

Gentlemen:

I enclose herewith check for \$..... as payment in full for shares of Kenmar Oil Company stock, at seventy-five cents per share.

Name

Address

Date

The par value of Kenmar is \$1.00. We have a few shares of stock to sell at seventy-five cents — only a few shares and they are moving fast at this price. The terms are cash. The foregoing information surely satisfies you that Kenmar is good all the way through. Fill out the coupon to the left for the number of shares you want and mail it today with your check. This is the only way you can be assured of getting any seventy-five cent Kenmar stock, for we cannot agree to give notice of a price advance.
